A confident and hardworking college student who is passionate about business, brewing coffee and the ability to create and develop new skills in a coffee shop environment. Has great customer skills, very organized and is a quick and coachable learner, also has a heart for supporting and encouraging others in the workplace. A strong team leader with an entrepreneurial spirit, who enjoys being an ambassador for the business. Looking to work for a company that values their workers and facilitates an environment to develop their employee's experience in customer service.

Skills

Through the years has used and developed entrepreneurial skills by creating and selling original artwork. Enjoys working and interacting with others and applying practical social skills into problem solving. Can take constructive criticism easily and apply it to areas that need improvement. Good listener and fast learner when it comes to administrative work and using new technology platforms.
